In the report of the Royal Bank of Canada for 1913 a summary is made of the foreign investments in Canada, as follows: From United States, \$636,903,952; France, \$99,250,000; Belgium, \$11,675,000; Germany, \$31,725,000; Netherlands, \$18,000,000; Russia, \$2,000,000; and Turkey, \$3,000,000.

Patriotism, Prosperity and Progress was the issue in the New Jersey Seventh district, and the Republican was elected by over 5,000 majority and by a two to one vote in the district. The Bull Moose vote was so light it was not in the dispatches, which demonstrates that they are for harmony on a straight Republican basis.—Independence (Kan.) Tribune.

Referring to the fact that the average age of sailors and mariners now in the national service is not greater than 22, the Boston Advertiser remarks: "The reason that there are still so many pensions being paid to veterans of the Civil War, 50 years after the close of the war, is because that struggle was a boys' war. This is the awful part of a war. It takes the young men of a country. It takes the fellows who are full of promise and have yet done much of any work for the world. It makes nations poor in men and the poverty which follows an extensive war lasts for a generation."

AT PAPER.

American Economist, a publication devoted to Protection of American labor and industries, should be read by every man who has the best interests of our country at heart. It is issued weekly, New York, and is filled with most excellent food for thought. It gives the actual conditions of our industries as they exist, and certainly is a great factor in the building up of good sound judgment to the manner in which our Government should be maintained and the citizens, regardless of their racial standing, protected in their rights. It is great paper.—Harrison (O.) News.

J. W.

M'CREARY NOT IN THE RUNNING.

Editor Urey Woodson, of Owensboro, former Secretary of the National Democratic Committee, says there is apparently not a single supporter of McCreary in Owensboro or Daviess County. "It may be that this remarkable condition does not exist in other counties," he continued, "but it seems now a foregone conclusion that the old Governor is doomed to a bitter disappointment in the August primary. Whatever strength he may have originally had will, in the closing days of the campaign, flock to one or the other of the two candidates for Senator who are at least making a noise like they are running."—Cromwell's Lexington letter in Sunday's Enquirer.

HATS OFF TO "THE STATE OF LEWIS."

Talk is cheap, but it takes money to build roads. That is the way the people of Lewis County feel about the good roads proposition and they have put themselves on record emphatically to that effect.

There has been much talk about roads in Lewis as elsewhere, but it has remained for the voters of that county to prosecute a successful good roads campaign. And they made so little noise over it that the rest of the State wasn't aware that anything special was going on until informed in a dispatch from Vanceburg that Lewis County had voted \$150,000 for the construction of roads.

The figures show that it was no trouble at all for the voters to give a two-thirds majority for bonds, but in making assurance doubly sure they came near making it unanimous. In fifteen precincts reported the vote was 1,900 for the bond issue and 116 against it. Three small precincts that failed to report cannot possibly affect the result.

Lewis County lies along the Ohio River in the Northeastern part of the State. It is usually classed as a mountain county, although it is less rugged than some of its neighbors. It has had for many years a respectable mileage of macadamized roads. It has found these improved highways a factor for prosperity and it wants more of them—and wants them for the use of its present-day population as well as for posterity. It may be that posterity will help to pay the debt, but if so it will have the benefit of the roads that the county is preparing to build.

Let the good roads advocates in Kentucky take off their hats to Lewis County. Here at last is one county in which the people are not frightened into a cold sweat at the bare mention of a bond issue. County after county has voted on bond propositions only to fall short of the required majority. Lewis County has dispelled the "hoo-doo" and the result of the election there is the most encouraging piece of news that the boosters for road improvement have heard in a long time.—Courier-Journal.

A SOFT ANSWER.

Mrs. de Pink—"I am amazed, sir, that you should propose to my daughter. Why, she is just out of boarding school, and you have not known her a week."
Young Man (a smart fellow)—"True, madam, but I have known you for some time, and everybody says your daughter takes after you."

PLENTY TO WORRY ABOUT.

(Burlington Recorder.)
If you think the people of Boone county have nothing about which to worry read the following: Taxes for this year have been increased; a drought is ruining the crops; night riders have made their appearance; a primary election is pending; a local option campaign is on, and a \$75,000 road bond is being agitated.

SUPREME COURT JUDGE LURTON DEAD.

Atlantic City, N. J., July 12.—Associate Justice Horace Harmon Lurton, of the United States Supreme Court, died suddenly here today of heart failure superinduced by cardiac asthma. He was 70 years old, and was born at New York, N. Y.

The Justice, who came here on July 1, was in his usual health before retiring last night, and had taken his customary evening outing on the Board Walk. Shortly after midnight he complained of feeling ill, and although his physician, Dr. Ruffin, who arrived yesterday from Washington, was immediately summoned, Justice Lurton died at 5 o'clock this morning. His wife and son Horace H. Lurton, Jr., of Nashville, were at the bedside. Mrs. Horace Van Deventer, a daughter, and her husband arrived tonight from Knoxville, and other members of the family are expected tomorrow.

The body will be taken to Clarksville, Tenn., for interment, the funeral party leaving here at 2 o'clock tomorrow afternoon. It was at that city that Justice Lurton began the practice of law and lived for twenty years. Funeral services will be held there on Wednesday.

A NEW ELDORADO.

The moving-picture industry, the youngest of all world-wide enterprises to achieve a phenomenal measure of success, has been compared by some to a comet flashing across the sky. This figure may do the promoters of motion pictures an injustice inasmuch as comets are not very staple, but when the rise of the industry is considered it is not to be wondered at that the business is classified as "meteoric." It is the general belief that it will remain a fixed star instead of a shooting star. Some idea of the almost incredible progress of the motion-picture business may be gained from an article in World's Work from which we quote the following extracts:

"The total business of the whole industry last year was more than \$300,000,000—which is said to make it the fourth largest in the United States; and at least thirty brand new millionaires have been added to the roster by it."

"There were 5,000,000,000 paid admissions in 1913 to our more than 20,000 moving picture theaters—which show 96,000,000 feet of film each night, and literally speckle the whole country. A single motion picture may reach fifteen million spectators—more than a company could play to a 'legitimate' production if it toured steadily for twenty years."

"American film-makers will export this year probably 25,000 miles of pictures; and the royalty paid to Mr. Edison is said to amount to about \$10,000 a week."—Louisville Times.

STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used. After taking Black-Draught for a few days, I always feel like a new man." Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion. To get quick and permanent relief from these ailments, you should take a medicine of known curative merit. Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. R. C. L.
